

Setting Up a Junior Section – Where to start?

- Who will run the sessions?
- Are they qualified coaches?
- If not, what training do they need to do?
- Where can I find this training?
- Can my RA support me in this or do I need to look for funding to help with this?
- Do we have Child Protection policies within the Club?
- If not, who can help, and how do we start this?
- What about PVG membership, how do clubs make sure their coaches are officially checked and registered in the scheme?
- Where will we find the children from?
- How can we deliver sessions which will attract children and juniors?
- How do we build links with Secondary age youth?
- Who can help and support us to do this?
- When should we run the sessions to enable children and juniors to attend?
- Are there any resources we can use with teachers and other professionals to help us run sessions?
- Who else can help us deliver and where can they play competitively?
- Are there any funding streams to help us offer and run effective and professional junior and youth sections?
