

LUCAS VON HOFF AWARD

The European Referee Panel announces the Lucas Von Hoff Award.

This award will recognise an individual who has contributed exceptionally to the development of referees and generally to the sport in Europe; setting about achieving the principles and character traits which Lucas brought to Touch refereeing and also lived by. Presentation of the award will be made bi-annually at the European Championships.

Dedication – Guidance – Contribution – Leadership

The process is as follows:

- Only referees, referee course presenters and referee coaches are eligible to be nominated for this award. Individuals may be active or retired and their badge or accreditation level held is not a factor.
- Nominations may however be submitted by any person associated with the sport of Touch.
- The Award Registrar, together with members of the FIT Referee Panel, will independently adjudicate on the nominations received and compile a shortlist to be announced at the European Championships tournament referee dinner.
- Referees present at the event will then determine the winner by closed ballot.

You can find more information about this award on the [EFT website](#).

You can nominate a referee for the award through the [nomination form](#).
